INSITE® ARCHRELIEF™ INSOCKS

The smart step for comfort, performance and sustainability.

Step into next-level comfort with the INSITE® ArchRelief™ Insock—where advanced biomechanics meets sustainable innovation. Engineered for underfoot support and comfort, targeted arch relief and lasting performance, this insock is built with the same elite-level technology trusted by professional athletes. Whether you're on the move or on your feet all day, ArchRelief™ is designed to keep you going - comfortably.

TARGETED ARCH COMFORT & PRESSURE RELIEF

Precisely contoured arch shape helps reduce plantar pressure and ease ankle pronation, delivering lasting support and comfort.

SLIM & LIGHTWEIGHT FIT

Crafted with a medium arch shape and lightweight comfort foams to provide optimal underfoot cushioning without adding bulk.

OPTIMISED PU FOAM TECHNOLOGY

Made with Levation™ BIO50, a signature poured PU foam formulated with 50% plant-based materials for eco-conscious cushioning, rebound and shock absorption.

INSTANT, ALL DAY COMFORT

Our poured PU foam formula structure compresses and releases with each step, giving you responsive comfort and performance from morning to night.

PROVEN COMFORT™ GUARANTEE

Tested using academic-grade standards to deliver optimal pressure relief, impact protection and energy return - so you can step confidently with every stride.

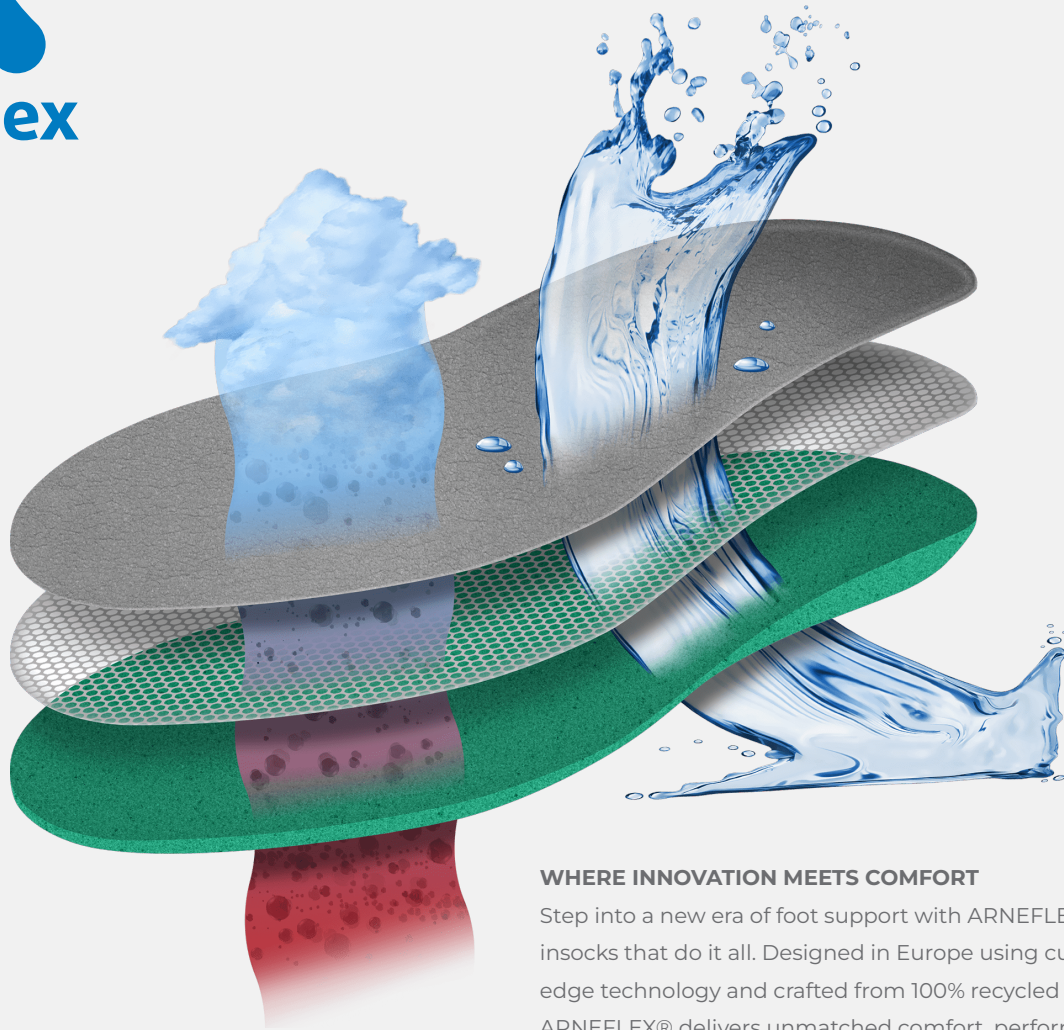

ALL DAY FRESHNESS

Advanced antimicrobial treatments ensure your feet feel and smell fresh all day long.

EXPERIENCE NEXT-LEVEL COMFORT WITH ARNEFLEX® INSOCKS

WHERE INNOVATION MEETS COMFORT

Step into a new era of foot support with ARNEFLEX® – the insocks that do it all. Designed in Europe using cutting-edge technology and crafted from 100% recycled materials, ARNEFLEX® delivers unmatched comfort, performance and sustainability in every step.

100% Breathable Comfort

Say goodbye to sweaty feet. ARNEFLEX® features open-cell PU foam and breathable onSteam® lining for maximum airflow, keeping your feet cool and dry all day long.

Temperature Control Built In

Our thermoregulating materials help your feet maintain the perfect temperature—no matter the season.

Moisture-Wicking & Odour-Free

Stay fresh with insocks that absorb moisture and fight bacteria, eliminating unpleasant odours before they start.

Ergonomic Support & Shock Absorption

Feel the difference with memory foam that adapts to your foot, cushions every step, and reduces joint impact.

Whether you're walking, running or standing, ARNEFLEX® keeps you going without fatigue.

Sustainably Made

Crafted entirely from recycled materials—including recycled cork in the heel—ARNEFLEX® proves that comfort and sustainability can go hand in hand.

Lightweight, Flexible and Durable

You'll barely notice you're wearing them - but your feet will thank you. Built to last, ARNEFLEX® moves with you and stands up to daily wear and tear.

Washable & Easy to Maintain

Because comfort should be effortless.

ARNEFLEX® – Your Feet Deserve It

Perfect for everyday wear, golfing adventures or long days on your feet, ARNEFLEX® insocks deliver the comfort, support and sustainability you've been waiting for.

THE KING CHEETAH PROJECT

Duca del Cosma has designed special golf shoe editions linked to the conservation of one of the world's rarest animals - the highly distinctive King Cheetah.

With a population in the wild only just reaching double figures, and most of them living in a protected environment, the King Cheetah is the rarest cat on the African continent. Rare glimpses of the King Cheetah in the wild have been confirmed in Zimbabwe, Botswana and South Africa. Among a number in wildlife facilities are those at the Hoedspruit Endangered Species Centre (HESC) near the Kruger Park in South Africa, founded by nature conservationist Mrs. Lente Roode.

Co-owner of Duca del Cosma and 'Africa lover', Caroline van Wezel, visited the animal shelter and saw a King Cheetah for the first time. "I was captivated and learned about the special breeding programme designed to preserve the King Cheetah," said Caroline. "So, I decided to help by initiating a line of limited edition ladies shoes using its striking markings, and by adopting cubs who, hopefully, will play a significant part in preserving this wonderful species".

PROUD TO SUPPORT

AMBASSADORS

Duca del Cosma is proud to partner with international golf professionals to both support their performance, and to elevate the Italian Golf Evolution.

DP WORLD TOUR PLAYER AND SIX-TIMES EUROPEAN TOUR WINNER

The famous Dutch golfer, Joost Luiten, has won 6 European Tour events. A highlight in his career was hitting two holes-in-one during the same week on the European tour, both times wearing Duca shoes.

“Comfort is the most important feature in a golf shoe because you walk a lot and spend 5 to 6 hours a day wearing them. They have to be comfortable. Stability and grip are also crucial due to the pressure exerted during the swing. The shoe must be capable of handling that pressure. Duca shoes have all these qualities.”

JOOST LUITEN

PASQUALE COFFA

LET TOUR PLAYER

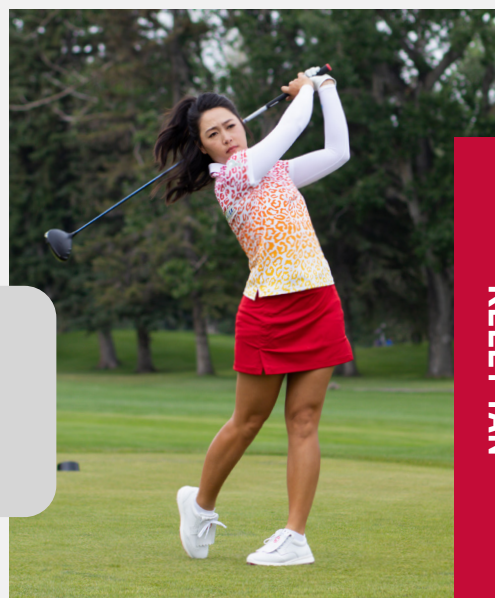

The Dutch player Pasquale is a great Duca fan. She is now playing on the Ladies European Tour, and has big plans for the future.

“Proper golf shoes are very important for a good performance. That’s why I love wearing my favourite shoe, the Sabina Pro Spike. Besides its beautiful modern look, this shoe is fresh white, super comfortable, and provides great support for my feet. And on top of that, finally there are good golf shoes for women with spikes.”

OLYMPIC AND LPGA TOUR PLAYER

Kelly is a Malaysian professional golfer who competes on the LPGA Tour playing in the USA. She has been selected twice to play in the Olympics for the Malaysian team, both times wearing Duca shoes.

“I believe that Duca shoes are innovative in the design and function. The quality of the shoe makes me feel confident and provides me with the support to perform on and off the course. Duca has a precise vision for style.”

KELLY TAN

LPGA TOUR PLAYER

Originally from Thailand, she has built an impressive LPGA career with three tour wins, including a victory at the 2024 Walmart NW Arkansas Championship. Known for her exceptional consistency, she also achieved multiple runner-up finishes in major tournaments, including second place at the 2020 Women's British Open.

"My favourite Duca shoes is the Pro Spike shoes. I love all the colours Duca have available, I can match them with every outfit. I'm a colourful person so they suit me. They're super comfortable and very very stable."

Aydan Verdonk, a talented Dutch golfer, is making waves on the professional golf Tour. Known for his impressive skills and determination, he has already proven to be a rising star in the sport. Currently competing on the international Pro circuit, Aydan has ambitious plans to leave his mark on the world of golf.

"With Duca del Cosma, I always feel like I'm looking good and comfortable. Their shoes are comfortable, cool, and add a touch of sexiness. Each pair is a very different kind of shoe, but they all belong together,"

LPGA AND LADIES EUROPEAN TOUR PLAYER

German golfer Polly Mack competes on the LPGA and Ladies European Tour, known for her precision and resilience.

"I've been a huge fan of Duca del Cosma since I first came across the brand and I'm really excited to be an ambassador to help further promote the super distinctive shoes on offer."

SIZE GUIDE - SHOES

HOW TO MEASURE

To find out what size shoes you need, just follow these three easy steps.

- 1. Place one foot on a piece of A4 paper with both paper and foot touching a wall.
- 2. Draw around your toes at a 90° angle. Then, measure from the edge of the paper to the farthest point of your toes.
- 3. Repeat the steps with your other foot, calculate the average measurement and compare it to the Duca del Cosma size chart. This number tells you your shoe size.

DUCA'S AVERAGE FIT PROMISE

All Duca del Cosma footwear are designed and developed using our *Average Fit* model and engineered to provide an optimal fit for the majority of foot shapes and sizes.

SIZE GUIDE - GLOVES

Duca del Cosma golf gloves are made using soft premium Cabretta leather with strategically placed vent holes and mesh to encourage breathability and flexibility. Precise construction using elastic stitching provides ultimate comfort and perfect grip giving you a premium golf glove that fits like a second skin. All our gloves offer water and sweat resistance thanks to modern tanning treatments, which helps our gloves remain smooth and soft, round after round. Available in ELITE PRO (full Cabretta leather), HYBRID PRO or DESIGNER PRO, Left or Right hand and Mens & Womens sizing.

AMAZING GOLF SHOES & COMPANY

I already own a pair of DDC's and as far as I am concerned they are the Ferrari's of the golf shoe world. It's like playing golf with slippers on! Dealing directly with DDC, I ordered the shoes one day and the courier was knocking on my door with them the next! Awesome 5 star golf shoes!
